Company Introduction

Welcome to AMASSCO, a trusted name representing excellence, innovation, and reliability in Saudi Arabia's dynamic development landscape. With a proud legacy and forward-thinking vision, AMASSCO has emerged as a leading multi-sector service provider—empowering industries and actively contributing to the Kingdom's ambitious transformation, in alignment with Vision 2030.

From general contracting and infrastructure development to industrial works, electromechanical systems, and digital transformation, AMASSCO leads with agility, precision, and a relentless commitment to quality.

Our operations span:

- **Design & Build Construction** — Residential villas, commercial complexes, and industrial facilities
- **Civil & Infrastructure Development** — Roads, bridges, utilities, and oil & gas pipelines
- **Electromechanical Systems (MEP)** — HVAC, fire protection, electrical works, and BMS integration
- **Industrial Construction** — Power plants, liquid tanks, storage silos, and petrochemical installations
- **Project Management & Support** — Site supervision, scaffolding, facility mgmt, and technical staffing
- **Equipment, Fleet & Vehicle Services** — Rental and logistics solutions for seamless project delivery
- **IT & Digital Services** — Web development, branding, and enterprise technology support

With deep expertise across sectors like energy, healthcare, hospitality, manufacturing, and infrastructure, AMASSCO delivers dependable solutions from concept to completion. Our skilled workforce and extensive resources ensure agility and excellence at every phase.

More than just a contractor, we are your strategic partner in progress—committed to building sustainable, connected, and thriving communities across the Kingdom.

Chairman's Statement

At AMASSCO, we believe in building relationships, trust, and a sustainable future for Saudi Arabia. Our expansion across vast service sectors reflects our commitment to meeting the evolving needs of the Kingdom. We are driven by a vision to be the preferred partner for complex and impactful projects, fostering innovation and delivering unparalleled value to our clients, our people, and the communities we serve. Our journey is one of continuous growth, guided by integrity and a deep sense of responsibility.

Abdul Aziz Matiq Saleh Al Sanani

Management in KSA

TIME MANAGEMENT IS THE FOUNDATION OF SUCCESS,
AND QUALITY SERVICES ARE ITS BUILDING BLOCKS.

Our Vision, Mission & Core Values

Vision

To be the leading and most trusted multi-sector service provider in Saudi Arabia, driving sustainable development and setting benchmarks for excellence.

Mission

To deliver innovative, high-quality, and cost-effective solutions across diverse sectors, exceeding client expectations through exceptional service, skilled expertise, and a commitment to safety and sustainability.

Core Values

Customer Focus: Prioritizing client needs and building lasting partnerships through reliable delivery.

Responsibility: Upholding ethical standards, environmental stewardship, and social accountability.

Excellence: Striving for the highest standards in all our endeavors, from planning to execution.

Innovation: Embracing new technologies and creative solutions to overcome challenges.

Teamwork: Fostering a collaborative environment where diverse talents contribute to shared success.

Safety: Ensuring the well-being of our people, partners, and the communities we operate in.

Integrity: Conducting business with honesty, transparency, and respect.

Our Commitment to Excellence & Future Potential

Since its founding, AMASSCO has stood for consistent excellence, evolving from a manpower and contracting firm into a trusted multi-sector service provider across Saudi Arabia. Our strength lies in our ability to plan meticulously, execute efficiently, and adapt dynamically to the growing demands of the Kingdom's development landscape.

Driven by our strategic vision and inspired by Saudi Arabia's Vision 2030, we continue to invest in cutting-edge technologies, skilled professionals, and scalable infrastructure to deliver exceptional results across residential, industrial, and infrastructure sectors.

Over the past two decades, AMASSCO has built a strong reputation for its dependable project delivery, commitment to safety, and client-centric approach. This reputation has earned us the trust of major developers, government bodies, and private sector partners throughout the Kingdom.

With a forward-thinking mindset and a focus on sustainable growth, we are expanding our footprint and diversifying our capabilities to serve broader markets. Whether it's pioneering construction solutions, managing complex project logistics, or supporting industrial operations, AMASSCO is positioned as a dynamic force prepared to meet the challenges of tomorrow — locally and globally.

Empowering Diverse Sectors & Market Focus

AMASSCO delivers a comprehensive suite of services tailored to meet the evolving demands of Saudi Arabia's key development sectors — including infrastructure, industrial, commercial, residential, and essential support services. Our ability to provide fully integrated, end-to-end solutions allows us to drive operational efficiency, sustainability, and measurable growth across every project we undertake.

In recent years, AMASSCO has demonstrated exceptional growth, fueled by our expanding capabilities in infrastructure and civil construction. As the Kingdom accelerates its national transformation initiatives, we continue to play a vital role in supporting large-scale development efforts — particularly in urban expansion, transportation networks, industrial zones, and strategic infrastructure.

Our experience, agility, and client-first approach position AMASSCO as a trusted partner in shaping the built environment of Saudi Arabia, today and into the future.

Quality Management System (QMS) & Quality Policy

AMASSCO's Quality Management System (QMS) ensures all processes align with international standards, such as ISO 9001:2015, guaranteeing quality across every project. With complete control over each site, we maintain strict oversight to ensure continuous improvement, compliance, and excellence in service delivery. This approach enables us to consistently exceed client expectations, regulatory requirements, and industry best practices.

Project Site Hierarchy

Our Quality Policy emphasizes delivering reliable products and services while prioritizing customer satisfaction and operational efficiency. By managing site operations directly, AMASSCO upholds the highest standards of quality and strengthens long-term client relationships through precision and optimized outcomes.

Health, Safety, Security, and Environment (HSSE/EHSS) Policy & Management System

The well-being of our people, partners, and the environment is paramount. AMASSCO maintains a comprehensive HSSE/EHSS Management System, rigorously implementing policies and procedures to ensure a safe, secure, and environmentally responsible work environment.

- **Safety Culture & Programs:** Promoting a proactive safety culture through continuous training, risk assessments, and adherence to "zero-harm" principles.
- **Environmental Stewardship:** Minimizing our ecological footprint through sustainable practices, waste reduction, and compliance with environmental regulations.
- **Compliance & Regulations:** Strict adherence to all local and international safety, health, and environmental laws and standards.
- **EHSS Programs & Training:** Regular training programs and workshops for all personnel on EHSS best practices, emergency preparedness, and hazard identification.

Integrated Management System (IMS): Our Integrated Management System seamlessly combines our Quality, HSSE, and other operational processes into a cohesive framework. This holistic approach ensures efficiency, consistency, and continuous improvement across all aspects of our operations.

Safety is Our Culture

Corporate Social Responsibility (CSR) & Community Engagement

AMASSCO is dedicated to positively impacting the communities in which we operate across KSA. Our CSR efforts include providing local employment opportunities for Saudi nationals, driving community development projects that improve infrastructure, and implementing environmental conservation initiatives. We also focus on education support by offering scholarships and vocational training, ensuring a brighter future for the workforce in KSA. Through these actions, we strive to create a meaningful, lasting impact beyond just business goals.

Sustainability Initiatives & Green Practices

In alignment with our commitment to sustainability, AMASSCO integrates eco-friendly practices at every stage of our project lifecycle in KSA. Our efforts include efficient resource utilization, implementing waste management strategies, and promoting the use of green building materials that minimize environmental harm. Additionally, we focus on energy-saving solutions through renewable energy technologies and energy-efficient designs, ensuring that every project contributes to a more sustainable and greener future for the Kingdom of Saudi Arabia.

Operational Capabilities & Resources

Our People / Our Team

Our most valuable asset is our diverse and exceptionally skilled workforce. Our team is made up of a wide range of professionals, including engineers, project managers, technical experts, and dedicated field personnel, each bringing a wealth of knowledge and experience to the table. This unique blend of talents allows us to approach and solve even the most intricate challenges with confidence and precision

We believe in empowering our people through continuous learning and development. By investing in state-of-the-art training programs and creating opportunities for professional growth, we foster a culture of excellence, collaboration, and innovation. This commitment to ongoing education ensures that our team remains at the forefront of industry advancements, equipped to drive success in an ever-evolving marketplace.

Our Clients & Partnerships

Financial Strength & Stability

See Inventory on Pages 41-43

AMASSCO maintains a robust financial position, ensuring the capability to undertake projects of varying scales and complexities. Our prudent financial management and strong banking relationships provide a solid foundation for sustainable growth.

Robust Mobilization & Resources

Our operational strength is underpinned by significant resources, including a well-maintained fleet of heavy equipment and machinery, access to advanced technologies, and established infrastructure. This enables rapid mobilization and efficient execution across multiple project sites.

Procurement & Supply Chain Management

We have a well-established and efficient procurement and supply chain management system that ensures timely access to high-quality materials and services. Our network of reliable suppliers, both local and international, guarantees competitive sourcing and operational continuity.

Information Technology & Digitalization

AMASSCO leverages cutting-edge IT solutions and embraces digitalization to enhance efficiency, project management, and communication. From advanced project management software to integrated data analytics, technology is at the core of our modern operations.

Research & Development

We continuously explore and adopt innovative methods and technologies in construction and service delivery. Our commitment to R&D ensures we remain at the forefront of industry advancements, offering optimized and sustainable solutions to our clients.

Work Sectors & Core Services

AMASSCO offers comprehensive general contracting services, handling projects from conceptualization to completion. Our expertise spans a wide range of civil works, delivering robust and aesthetically pleasing structures.

General Construction (Design & Build, EPC Solutions):

Complete project delivery encompassing design, procurement, and construction for diverse facilities.

- **Residential Construction:**

Expert construction of contemporary, Mediterranean, Colonial, Modern, and Minimalist villas, as well as multi-unit apartment complexes.

- **Commercial & Industrial Buildings:**

Development of office complexes, retail centers, warehouses, factories, and other commercial/industrial facilities.

General Contracting & Civil Works

- **Civil Work Services:**

Foundations, superstructures, masonry, block-work, and concrete structures.

- **Earthwork & Site Preparation:**

Precision excavation, backfilling, grading, land clearing, and soil stabilization.

- **Concrete Works:**

Formwork, reinforcement, concrete pouring, specialized concrete repair, and strengthening solutions.

- **Structural Works:**

Expert steel structure erection and deployment of Pre-Engineered Building (PEB) solutions for various applications.

- **Architectural Finishes:**

High-quality flooring systems (e.g., epoxy, polyurethane), wall finishes, interior & exterior painting, ceiling works, and partition systems.

General Contracting & Civil Works

- **Waterproofing & Insulation Systems:**

Advanced solutions for moisture protection and thermal efficiency.

- **Renovation, Refurbishment & Restoration Projects:**

Breathing new life into existing structures with modern upgrades and preservation techniques.

- **Landscaping & Irrigation Systems:**

Comprehensive outdoor solutions including hard-scaping (interlock, curbstone, stamped concrete), soft-scaping, and efficient irrigation network installation.

- **Fencing & Security Solutions:**

Installation of various fencing systems for enhanced security and demarcation.

- **Asphalt Road Works & Paving:**

Construction, rehabilitation, and maintenance of roads, asphalt works, and paving for various infrastructure needs.

Infrastructure Development

We specialize in developing critical infrastructure that supports urban and industrial growth, contributing to the backbone of KSA's progress.

- **Roads, Highways & Bridges Construction:**

Building and upgrading arterial networks for seamless connectivity.

- **Utilities Networks:**

Design and construction of robust water, sewerage, storm drainage, and irrigation networks.

- **Power Generation & Distribution:**

Civil works for substations, transmission lines, and comprehensive electrification projects.

Infrastructure Development

- **Telecommunication Networks:**

Laying groundwork for modern communication infrastructure.

- **Marine Works:**

Expertise in quay walls, breakwaters, berths, dredging, coastal protection, and marina construction.

- **Airport Infrastructure:**

Development of essential facilities and civil works for airport expansion and upgrades.

- **Oil & Gas Infrastructure:**

Civil works support for pipelines, terminals, and facilities within the upstream and downstream oil & gas sectors.

Electromechanical (MEP) & Specialized Systems

AMASSCO provides comprehensive MEP and electromechanical services, ensuring optimal functionality and efficiency of buildings and industrial facilities.

- **Heating, Ventilation & Air Conditioning Systems:** Design, installation, and maintenance of efficient HVAC systems
- **Plumbing & Drainage Systems:** Installation of water supply, drainage, and waste management systems.
- **Electrical Works:** Power distribution, lighting solutions, low current systems (fire alarm, security, data networks), and backup power installations.
- **Fire Fighting & Suppression Systems:** Design and installation of advanced fire safety systems.
- **Building Management Systems (BMS):** Integrated control systems for efficient building operations.
- **Industrial Electromechanical Installations:** Specialized MEP services for industrial facilities.
- **Energy Efficiency & Renewable Energy Solutions:** Implementing solutions that reduce energy consumption and integrate renewable sources.

Industrial & Specialized Construction

Our capabilities extend to highly specialized industrial construction projects, meeting the stringent demands of complex sectors.

- **Industrial Facilities & Warehouses:** Construction of large-scale industrial complexes and storage facilities.
- **Oil & Gas Facilities:** Specialized construction and civil works for refineries, petrochemical plants, and other critical energy infrastructure.
- **Power Plants & Utilities Infrastructure:** Civil & electromechanical works for power generation facilities.
- **Specialized Concrete Structures:** Complex concrete structures requiring advanced engineering & construction techniques.
- **Liquid Storage Tanks & Silos:** Construction of industrial storage solutions for various materials.
- **Pipeline Construction & Maintenance:** Installation & upkeep of essential pipeline networks.
- **Industrial Insulation & Cladding:** Specialized insulation & cladding solutions for industrial applications.

Project Management & Support Services

We offer comprehensive project management and essential support services to ensure seamless project execution and operational efficiency.

- **Project Management Consultancy (PMC):**

Expert oversight and management from project initiation to closure.

- **Construction Management:**

On-site management, coordination, and supervision of construction activities.

- **Site Supervision & Inspection:**

Rigorous site supervision and quality inspection to ensure adherence to specifications and standards.

Scaffolding Services

AMASSCO provides complete scaffolding solutions, encompassing both rental services and expert erection/dismantling. We ensure safe and efficient access for construction, maintenance, and inspection works. Our inventory includes a wide range of scaffolding systems to meet diverse project requirements, adhering to the highest safety standards.

- **Scaffolding Material Provider (on Rental Basis):**

Beyond full services, we also offer scaffolding materials for rent, providing contractors and project teams with access to high-quality, certified components. Our rental fleet is well-maintained and readily available to support your specific needs, ensuring flexibility and cost-effectiveness.

Facilities Management Services

Long-term maintenance and operational support for facilities and infrastructure.

- **Facilities Management (Hard & Soft Services):**

Integrated management of physical assets and essential support services.

- **Housekeeping & Cleaning Services:** Professional cleaning and maintenance for all types of facilities.
- **Security Services:** Comprehensive security solutions and personnel for site protection.
- **Pest Control:** Effective pest management solutions.
- **Waste Management:** Sustainable waste collection and disposal services.
- **Landscaping & Grounds Maintenance:** Upkeep of outdoor areas and green spaces.
- **Catering & Hospitality Services:** Provision of professional catering and hospitality solutions.

Manpower Supply & Technical Staffing

AMASSCO is a premier provider of skilled and unskilled labor, offering flexible manpower solutions to meet your project demands across various industries. We supply qualified personnel, including:

- **Skilled Labor:** Certified technicians, electricians, plumbers, welders, carpenters, masons, and other specialized trades.
- **Unskilled Labor:** General helpers and support staff to ensure smooth site operations.
- **Technical Professionals:** Highly competent Safety Officers, Quality Control (QC) Engineers, Site Supervisors, Project Engineers, and other technical specialists crucial for project success and compliance. Our rigorous recruitment and vetting process ensures that personnel are not only technically proficient but also adhere to safety protocols and project timelines.

Equipment Rental & Fleet Management Services

We offer a comprehensive range of heavy equipment for rental, supporting construction, industrial, and infrastructure projects. Our fleet is meticulously maintained to ensure optimal performance and reliability.

- **Heavy Equipment Rental:** Excavators, bulldozers, cranes (mobile, crawler), loaders, graders, compactors, forklifts, dump trucks, and specialized machinery.
- **Fleet Management:** Beyond rental, we provide professional fleet management services, including maintenance, logistics, and operational support, ensuring maximum uptime and efficiency for your rented equipment.

Vehicle Rentals

AMASSCO offers a wide range of vehicles to meet diverse project and personnel transportation needs. Our fleet is carefully maintained, ensuring reliability and efficiency for all transportation requirements on-site and beyond.

- **Personnel Transport:** We provide a variety of vehicles, including buses, coasters, vans, and SUVs, designed for the safe and comfortable transportation of workers. These vehicles ensure timely arrivals and departures, helping maintain smooth operations and workforce mobility across the project site.
- **Utility & Commercial Vehicles:** Our fleet also includes pickup trucks, flatbed trucks, and water tankers, ideal for material delivery, equipment transport, and site support. All vehicles undergo regular servicing and maintenance to meet safety regulations, guaranteeing they perform at their best throughout the project duration.

Logistics & Material Supply (Trading)

AMASSCO offers efficient procurement, warehousing, and delivery of construction materials and goods to support seamless project execution. Our logistics services ensure timely availability and distribution of essential materials, optimizing workflow and reducing downtime.

- **Transportation Services:**

We provide reliable transportation for both materials and workforce, ensuring timely and safe delivery to project sites. Our fleet is designed to handle diverse logistical requirements, ensuring that everything from construction materials to workers reaches their destination without delays or complications.

IT & Digital Solutions

Embracing the digital age, AMASSCO offers specialized IT and digital services to enhance corporate efficiency and presence.

- **Web Development Services:** Professional website design and development, creating engaging online platforms.
- **IT Equipment & Support Services:** Supply, installation, and maintenance of IT hardware and software, along with technical support.
- **Document & Policy Development:** Crafting comprehensive corporate documents including HR, HSE, and Finance Policies.
- **Branding & Creative Services:** Development of strong corporate identity elements such as logos, letterheads, envelopes, and professional company profiles.

The background of the slide is a detailed architectural workspace. It features several rolled-up blueprints with technical drawings of buildings. Various drafting tools are scattered around, including a blue T-square, a metal ruler, a compass, and a set square. In the foreground, a tablet displays a 3D architectural rendering of a modern multi-story residential building with a mix of brick and grey siding. To the right, a grey binder is visible, featuring the AMASSCO logo and the text 'Empowering People Transforming World' and 'PORTFOLIO & APPENDICES'.
